The interests of the major shareholder are fully aligned with those of all shareholders of the Company.</p> <p>The expertise and experience in both the day-to-day running of the Group's businesses and the determination and setting of its broader strategy lies with the Executive Directors in order to ensure the ongoing ability to fulfil their roles and responsibilities as stewards of the Group's businesses.</p> <p>Nevertheless, the Company has in place appropriate and rigorous governance structures and internal controls necessary to safeguard the assets of the Group and protect shareholder value. ### **Practice 5.4 - Step Up**

The board has a policy which limits the tenure of its independent directors to nine years without further extension.

<i>Note: To qualify for adoption of this Step Up practice, a listed issuer must have a formal policy which limits the tenure of an independent director to nine years without further extension i.e. shareholders' approval to retain the director as an independent director beyond nine years.</i>	
<b>Application</b>	: Adopted
<b>Explanation on adoption of the practice</b>	: The Board Charter was most recently updated and adopted on 21 August 2024 to establish a policy which limits the tenure of the Independent Non-Executive Directors to nine years without further extension.

## Intended Outcome

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

## Practice 5.5

Appointment of board and senior management are based on objective criteria, merit and with due regard for diversity in skills, experience, age, cultural background and gender.

Directors appointed should be able to devote the required time to serve the board effectively. The board should consider the existing board positions held by a director, including on boards of non-listed companies. Any appointment that may cast doubt on the integrity and governance of the company should be avoided.

<b>Application</b>	:	Applied
<b>Explanation on application of the practice</b>	:	<p>The Nominating Committee is responsible for assessing suitable candidates for appointment to the Board, with due regard for diversity, taking into account the required mix of skills, experience, age, gender, ethnicity, time and commitment, background and perspective of members of the Board before submitting its recommendation to the Board for decision.</p> <p>In accordance with the Listing Requirements, members of the Board do not hold more than five directorships in public listed companies. This ensures that their commitment, resources and time are focused on the affairs of the YTL Power Group thereby enabling them to discharge their duties effectively.</p> <p>Presently, each Board member is required to assess (via the annual assessment process) whether he/she devotes the necessary time and energy to fulfilling his/her commitments to the Company. The Board recognises that an individual's capacity for work varies depending on various factors that weigh very much on his/her own assessment. Hence, having rigid protocols in place before any new directorships may be accepted is not practical. Each Board member is also expected to inform the Board whenever he/she is appointed as an officer of a corporation.</p> <p>In accordance with the Board Charter and guidance in the Code, none of the Directors are active politicians.</p>
