**STATEMENT TO SHAREHOLDERS IN RELATION TO
PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY**

YTL POWER INTERNATIONAL BERHAD

[Company No. 199601034332 (406684-H)]

(Incorporated in Malaysia)

To: Our Shareholders

STATEMENT IN RELATION TO THE PROPOSED SHARE BUY-BACK

1. INTRODUCTION

On 25 September 2025, our Company announced its intention to seek your approval for the Proposed Share Buy-Back at the forthcoming Twenty-Ninth AGM.

This statement serves to provide you with details of the Proposed Share Buy-Back as well as the recommendation of our Board and to seek your approval for the ordinary resolution to be tabled at the forthcoming Twenty-Ninth AGM.

2. PROPOSED SHARE BUY-BACK

Our Board is seeking your approval for the renewal of authority for our Company to purchase and/or hold from time to time and at any time up to 10% of the total number of issued Shares for the time being quoted on Bursa Securities through stockbrokers (pursuant to Paragraph 12.15 of the Listing Requirements), subject to compliance with Section 127 of the Act, the Listing Requirements and other applicable rules and regulations. Based on the total number of issued Shares as at LPD of 8,672,541,894 Shares, our Company may purchase up to a maximum of 867,254,189 number of Shares pursuant to the Proposed Share Buy-Back, representing 10% of the total number of issued Shares.

Your authority for the Proposed Share Buy-Back, if renewed, shall be effective upon the passing of the ordinary resolution for the Proposed Share Buy-Back at the Twenty-Ninth AGM, and will remain in effect until the conclusion of the next AGM of our Company, or until the expiry of the period within which the next AGM is required by law to be held, unless revoked or varied by an ordinary resolution of shareholders of our Company in a general meeting, whichever occurs first.

The maximum amount of funds to be allocated for the Proposed Share Buy-Back will be subject to the retained profits of our Company. The Proposed Share Buy-Back will be funded from internally generated funds and/or bank borrowings. As at 30 June 2025, the audited retained profits of our Company stood at RM8,841,743,000.

In accordance with the Listing Requirements, our Company may only purchase the Shares on Bursa Securities at a price which is not more than 15% above the weighted average market price for the Shares for the 5 market days immediately before the purchase(s) and our Company may only resell the treasury shares on Bursa Securities or transfer the treasury shares pursuant to Section 127(7) of the Act at:-

- (a) a price which is not less than the weighted average market price for the Shares for the 5 market days immediately before the resale or transfer; or
- (b) a discounted price of not more than 5% to the weighted average market price for the Shares for the 5 market days immediately before the resale or transfer provided that:-
 - (i) the resale or transfer takes place no earlier than 30 days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of the Shares being resold or transferred.

The authority for the Proposed Share Buy-Back will allow your Directors to exercise the power of our Company to purchase its own Shares at any time within the abovementioned time period using the internal funds and/or bank borrowings of our Company. The actual number of Shares to be purchased will depend on the market conditions and sentiments of the stock market, the availability of the retained profits as well as the financial resources available to our Group. In the event that the Proposed Share Buy-Back is funded by bank borrowings, the amount of bank borrowings will depend on the number of Shares purchased and our Company's repayment capabilities.

Our Directors may deal with the Shares bought back in the following manner:-

- (i) cancel the Shares so purchased; and/or
- (ii) retain the Shares so purchased in treasury, to be distributed as dividends to the shareholders and/or resold on the market of Bursa Securities and/or transferred for the purposes of or under an employees' share scheme and/or transferred as purchase consideration; and/or
- (iii) retain part of the Shares so purchased as treasury shares and cancel the remainder; and /or
- (iv) deal with the Shares in any other manner as may be permitted by the applicable laws and/or regulations in force from time to time.

Where our Directors intend to retain the Shares so purchased as treasury shares, cancel Shares, or both, an appropriate announcement will be made to Bursa Securities as and when the Proposed Share Buy-Back is executed. In the event that our Company ceases to hold all or any part of such Shares as a result of the above actions, our Company may further purchase and/or hold such additional number of Shares (in aggregate with the Shares then still held by our Company) which shall not exceed 10% of the total number of issued Shares of our Company for the time being quoted on Bursa Securities.

If our Board decides to retain the Shares so purchased as treasury shares, it may distribute the treasury shares as dividends to the shareholders and/or resell the Shares so purchased on Bursa Securities and utilise the proceeds for any feasible investment opportunity arising in the future, or as working capital. The treatment of the Shares so purchased and held as treasury shares, whether distributed as dividends, resold on Bursa Securities or cancelled by our Company, will in turn depend on the availability of the retained profits of our Company.

In the event that our Company decides to resell or transfer the treasury shares, our Company will be required to release an announcement on the day the resale or transfer pursuant to Section 127(7) of the Act, providing details as prescribed by Bursa Securities.

In the event that our Company decides to cancel the treasury shares, our Company must release an announcement on the day the cancellation is made providing details of the number of treasury shares cancelled, the date of cancellation and the outstanding and paid-up capital of YTL Power after the cancellation.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The potential benefits of a share buy-back exercise to our Company and our shareholders are as follows:-

- Where our Directors resolve to cancel the Shares so purchased, the EPS of our Group is expected to be enhanced as a result of the reduction in the total number of issued Shares of our Company as described in Section 5 on "Effects of the Proposed Share Buy-Back", thereby enabling long term and genuine investors to enjoy any potential corresponding increase in the value of their investments in our Company;
- Where the Shares bought back are retained as treasury shares, our Directors would have an option to distribute these Shares as dividends to reward shareholders; and
- Our Company may be able to reduce any unwarranted volatility of its Shares and assist to stabilise the supply, demand and price of its Shares in the open market, thereby supporting the fundamental value of its Shares.

4. **POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK**

The financial resources of our Group may increase if the purchased Shares held as treasury shares are resold at prices higher than their purchase price. Other advantages of the Proposed Share Buy-Back are outlined in Section 3 on the “Rationale for the Proposed Share Buy-Back”.

The Proposed Share Buy-Back, if implemented will reduce the financial resources of our Group and may result in our Group foregoing better investment opportunities that may emerge in the future or, at the least, deprive our Company and our Group of interest income that can be derived from the funds utilised for the Proposed Share Buy-Back. It may also result in a lower amount of cash reserves available for dividends to be declared to shareholders as funds are utilised to purchase Shares. In the event that the Proposed Share Buy-Back is funded by bank borrowings, our Company’s net cash flow may decline to the extent of the interest costs associated with such borrowings.

Nevertheless, the Proposed Share Buy-Back is not expected to cause any potential material disadvantage to our Company or our shareholders as any share buy-back exercise will be undertaken only after in-depth consideration of the financial resources of our Group and of the resultant impact on you. Our Board, in exercising any decision on the Proposed Share Buy-Back, will be mindful of the interests of our Company and our shareholders.

5. **EFFECTS OF THE PROPOSED SHARE BUY-BACK**

On the assumption that the Proposed Share Buy-Back is carried out in full, the effects of the Proposed Share Buy-Back on the total number of issued Shares, NA, working capital, EPS and dividends of our Company are set out below:-

5.1 **Total Number of Issued Shares**

For illustration purposes, in the event our Company acquires all the Shares authorised under the Proposed Share Buy-Back and such Shares so acquired are cancelled, the proforma effects on the total number of issued Shares as at the LPD will be as follows:-

	No. of Shares as at LPD	After the Proposed Share Buy-Back	
		Minimum Scenario	Maximum Scenario
		No. of Shares	No. of Shares
Total number of issued Shares	8,672,541,894	8,672,541,894	8,672,541,894
Assuming full exercise of options under ESOS	--	--	78,679,100
Assuming full exercise of warrants	--	--	1,277,032,349
Enlarged total number of issued Shares	8,672,541,894	8,672,541,894	10,028,253,343
Treasury shares	56,054,431	56,054,431	56,054,431
Maximum no. of Shares that may be purchased pursuant to the Proposed Share Buy-Back (10%)	--	811,199,758	946,770,903
Resulted number of issued Shares after Proposed Share Buy-Back and cancellation	8,616,487,463	7,805,287,705	9,025,428,009

However, the Proposed Share Buy-Back is not expected to have any effect on the total number of issued Shares if the Shares so purchased are retained as treasury shares but the rights attaching to the treasury shares as to voting, dividends and participation in the other distribution or otherwise will be suspended. While these Shares remain as treasury shares, the Act prohibits the taking into account of such Shares in calculating the number or percentage of Shares in our Company for any purpose whatsoever including substantial shareholdings, takeovers, notices, requisitioning of meetings, quorum for meetings and the result of a vote on a resolution at a meeting.

5.2 NA

The Proposed Share Buy-Back is likely to reduce the NA per Share of our Group if the purchase price exceeds the NA per Share of our Group at the time of purchase and will increase the NA per Share of our Group if the purchase price is less than the NA per Share of our Group at the time of purchase.

For Shares so purchased which are retained as treasury shares, the NA of our Group will increase upon the resale of these Shares, assuming that a gain has been realised. Again, the quantum of the increase in NA will depend on the actual selling price of the treasury shares and the number of treasury shares resold.

5.3 Working Capital

The Proposed Share Buy-Back will reduce the working capital of our Group, the quantum of which depends on, amongst others, the number of Shares eventually purchased and the purchase price of the Shares. The cash flow of our Group will be reduced relatively, depending on the number of Shares eventually purchased and the purchase price of the Shares.

For Shares so purchased which are kept as treasury shares, upon its resale, the working capital and cash flow of our Company will increase. Again, the quantum of the increase in the working capital and cash flow will depend on the actual selling price of the treasury shares and the number of treasury shares resold.

5.4 EPS

The effects of the Proposed Share Buy-Back on the EPS of our Group are dependent on the purchase price of the Shares and the effective funding cost or loss in interest income to our Group. If the Shares purchased by our Company are cancelled, the net EPS of our Company may increase as a result of the reduction in the total number of issued Shares.

5.5 Dividends

Assuming the Proposed Share Buy-Back is implemented in full and the dividend quantum is maintained at historical levels, the Proposed Share Buy-Back will have the effect of increasing the dividend rate of our Company as a result of the suspension of the rights of treasury shares to dividend entitlement or the reduction in the number of issued Shares in the event of the treasury shares being cancelled.

As stated in Section 2 of this statement, our Board has the option of distributing treasury shares as share dividends to our shareholders.

For the financial year ended 30 June 2025, our Company declared the following interim dividends:-

- (i) First interim dividend of 4 sen per Share which was paid on 10 July 2025;
- (ii) Second interim dividend of 4 sen per Share which was paid on 23 October 2025.

No final dividend has been recommended for payment for the financial year ended 30 June 2025.

6. PURCHASES OF SHARES, RESALE, TRANSFER OR CANCELLATION OF TREASURY SHARES IN THE PRECEDING 12 MONTHS

In the 12 months preceding the LPD, there were no purchase of Shares, resale, transfer or cancellation of treasury shares. As at LPD, our Company held a total of 56,054,431 treasury shares.

7. PUBLIC SHAREHOLDING SPREAD

As at LPD, the public shareholding spread of our Company stood at approximately 33.86%. The public shareholding spread is expected to be reduced to approximately 26.99% if the Proposed Share Buy-Back is implemented in full, with all the Shares so purchased are either held as treasury shares or cancelled and assuming the shareholdings of our Directors, Substantial Shareholders or persons connected with them remain unchanged and no ESOS options and warrants are exercised into new Shares. However, our Company will ensure that prior to any share buy-back exercise, the public shareholding spread of at least 25% is maintained.

8. IMPLICATION RELATING TO THE CODE

Pursuant to the Code, where a group of persons acting in concert holds more than 50% of the voting shares of the offeree, no obligation under the Code will arise from any further acquisition by such persons acting in concert unless a single member in the group of persons acting in concert acquires voting shares sufficient to increase his holding to more than 33% of the offeree or, if he holds more than 33% and less than 50%, acquires more than 2% of the voting shares of the offeree in any six-month period.

Based on assumption that the Proposed Share Buy-Back is implemented in full, the proforma effects indicate this would result in the shareholding of a major shareholder (holding more than 33% but not more than 50%) increasing by more than 2%.

Our Company does not intend to undertake the Proposed Share Buy-Back such that any of the parties acting in concert will trigger the obligation to undertake a mandatory offer pursuant to the Code. However, in the event an obligation to undertake a mandatory offer is expected to arise resulting from the Proposed Share Buy-Back, the relevant party acting in concert shall make the necessary application to the Securities Commission Malaysia for a waiver under the Code.

2.4 AMOUNTS DUE AND OWING BY RELATED PARTIES PURSUANT TO THE RECURRENT RELATED PARTY TRANSACTIONS

As at financial year ended 30 June 2025, the outstanding amount due and owing to our Group by YTL Corporation Group under the Recurrent Related Party Transactions set out in section 2.3(a) totaled RM2,302,000. This amount exceeded the credit term for the following periods:-

Period	Principal sum outstanding (RM'000)
1 year or less	1,785
More than 1 to 3 years	517
More than 3 to 5 years	--
More than 5 years	--
TOTAL	2,302

No late payment charges or interest were imposed on the overdue amounts as these are not substantial. The outstanding amounts were trade in nature.

Out of the total RM2,302,000 due to our Group, RM151,000 had been settled as at LPD. Management monitors the outstanding debts on a regular basis and will continue to pursue, for early settlement. Our Board is optimistic that the overdue amount is recoverable.

2.5 RATIONALE AND BENEFITS FOR THE PROPOSED SHAREHOLDER MANDATE

The Recurrent Related Party Transactions entered into or to be entered into by our Group were/are in the ordinary course of business and intended to meet the business needs of our Group at the best possible terms so as to achieve synergistic benefits within our Group. These transactions are likely to occur with some degree of frequency and may be constrained by the time-sensitive nature and confidentiality of such transactions, thus rendering it impractical to seek shareholders' approval on a case by case basis before entering into such transactions.

By obtaining the Proposed Shareholder Mandate and renewal of the same on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such Recurrent Related Party Transactions occur would not arise. This would substantially reduce the time, administrative requirements, and expenses associated with the convening of such meetings, without compromising the corporate objectives of our Group or adversely affecting the business opportunities available to our Group.

The Related Parties which are involved in the Recurrent Related Party Transactions have proven their reliability and expertise in their respective fields. In certain instances, the Related Parties provide our Group the support for its operational needs, thereby enabling greater efficiency and effectiveness in the utilisation of our Group's resources.

2.6 REVIEW PROCEDURES

Our Group has in place the following procedures to supplement existing internal procedures for general transactions to ensure that the transactions with Related Parties are undertaken on an arm's length basis and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public, consistent with our Group's usual business practices and policies and not to the detriment of the minority shareholders of our Company:-

- (i) Our Group will only enter into Recurrent Related Party Transactions after taking into account the pricing, terms and other relevant factors. At least two other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by our Group based on that offered by/to other unrelated parties for the same or substantially similar type of transaction to ensure that the Recurrent Related Party Transaction is not detrimental to our Group.
- (ii) Records will be maintained to capture all Recurrent Related Party Transactions which are entered into pursuant to the Proposed Shareholder Mandate.
- (iii) There are no thresholds for approval of Recurrent Related Party Transactions as all the transactions will be reviewed and approved by executive directors and/or senior management.
- (iv) Records and reports on the Recurrent Related Party Transactions will be submitted by the accountant on a quarterly basis for review by the internal auditors.
- (v) Internal auditors will then report their findings, if any, to our Audit Committee at its quarterly meetings. In its review of such transactions, our Audit Committee may, as it deems fit, request for additional information pertaining to the transactions under review from independent sources or advisers. Our Audit Committee will report their findings, if any, to the Board.
- (vi) Our Board and Audit Committee shall have the overall responsibility of determining whether the review procedures and guidelines on the Recurrent Related Party Transactions are appropriate and sufficient. If a member of our Board or the Audit Committee has an interest (direct or indirect) in a Recurrent Related Party Transaction, he/she will abstain from deliberation and any decision making in respect of the said transaction.

- (vii) If our Board and Audit Committee are of the view that the review procedures are no longer sufficient to ensure that the Recurrent Related Party Transactions are made on arm's length basis, on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders, they shall have the discretion to discharge, vary and/or modify or implement new and/or additional procedures and guidelines without the approval of the shareholders provided that such amended, varied, modified, new or additional procedures are no less stringent than the existing procedures and guidelines.
- (viii) Disclosure will be made in the annual report of our Company of the aggregate value of the Recurrent Related Party Transactions conducted pursuant to the Proposed Shareholder Mandate during the financial year where the aggregate value is equal to or more than the threshold prescribed under Paragraph 10.09(1) of the Listing Requirements.

In addition, if the actual value of the Recurrent Related Party Transactions entered into by our Group exceeds the estimated value of the Recurrent Related Party Transactions disclosed in the circular to the shareholders on the Proposed Shareholder Mandate by 10% or more, our Company will make an immediate announcement to Bursa Securities.

2.7 STATEMENT BY AUDIT COMMITTEE

Our Audit Committee has reviewed the procedures mentioned in section 2.6 and is of the view that the said procedures are sufficient to ensure that the Recurrent Related Party Transactions are not more favourable to Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

Our Group has in place adequate procedures and processes to monitor, track and identify Recurrent Related Party Transactions in a timely and orderly manner. Our Audit Committee reviews these procedures and processes on an annual basis.

2.8 APPROVAL/CONSENT REQUIRED

The Proposed Shareholder Mandate is conditional upon approval being obtained from you at the forthcoming AGM.

3. MATERIAL LITIGATION, CLAIMS OR ARBITRATION

Save as disclosed below, as at the LPD, neither our Company nor our subsidiaries are involved in any material litigation, claims or arbitration either as plaintiff or defendant, and we are not aware of any material litigation, claims or arbitration pending or threatened against our Company or our subsidiaries:

- Appeal against appealable objection decision under section 14ZZ
Taxation Administration Act 1953 – Federal Court of Australia No. VID 558 of 2023

Arising from the disposal by YTL Power Investments Limited (“YTLPIIL”), a subsidiary of YTL Power, of 3,350 fully paid ordinary shares in ElectraNet Pty. Ltd. (the “ElectraNet Shares”), the Commissioner of Taxation of the Commonwealth of Australia (the “Commissioner”) assessed YTLPIIL on a capital gain in respect of its disposal of the ElectraNet Shares with an assessed tax payable of Australian Dollar (AUD)284,321,656.20 (the “Assessment”). Based on expert advice received, YTLPIIL objected to the Assessment on the grounds that the gain on disposal is not subject to tax. The Commissioner however disallowed YTLPIIL’s objection (the “Objection Decision”). YTLPIIL has accordingly filed a notice of appeal to the Federal Court of Australia against the Objection Decision on 21 July 2023. Counsel for YTLPIIL considers that YTLPIIL has good grounds of appeal against the Objection Decision. Hearing of preliminary questions of law arising in the appeal by the Federal Court has concluded and is now pending decision of the Federal Court.
