#### INTERIM FINANCIAL REPORT

### PART A – EXPLANATORY NOTES PURSUANT TO FRS 134

The Condensed Financial Statements should be read in conjunction with the audited annual financial statements of the Group for the year ended 30 June 2006.

# A1. Accounting Policies and Methods of Computation

The interim financial report is unaudited and has been prepared in accordance with Financial Reporting Standard ("FRS") 134: "Interim Financial Reporting" and Chapter 9, part K of the Listing Requirements of the Bursa Malaysia Securities Berhad.

The accounting policies and methods of computation adopted by the Group in the interim financial statements are consistent with those adopted in the latest audited annual financial statements except for the adoption of the following new/revised FRSs effective for financial period beginning 1 July 2006:

| FRS 2   | Share-based Payment  |
|---------|--|
| FRS 3   | Business Combinations  |
| FRS 5   | Non-current Assets Held for Sale and Discontinued Operations |
| FRS 101 | Presentation of Financial Statements                         |
| FRS 102 | Inventories  |
| FRS 108 | Accounting Policies, Changes in Estimates and Errors         |
| FRS 110 | Events after the Balance Sheet Date                          |
| FRS 116 | Property, Plant and Equipment                                |
| FRS 121 | The Effects of Changes in Foreign Exchange Rates             |
| FRS 127 | Consolidated and Separate Financial Statements               |
| FRS 128 | Investments in Associates                                    |
| FRS 131 | Interests in Joint Ventures                                  |
| FRS 132 | Financial Instruments: Disclosure and Presentation           |
| FRS 133 | Earnings Per Share   |
| FRS 136 | Impairment of Assets   |
| FRS 138 | Intangible Assets  |
| FRS 140 | Investment Property  |

The adoption of the above FRSs does not have significant financial impact on the Group other than the effects of the following FRSs:

# (a) FRS 2: Share-based Payment

This FRS requires an entity to recognise share-based payment transactions in its financial statements, including transactions with employees or other parties to be settled in cash, other assets, or equity instruments of the entity.

The Company operates an equity-settled, share-based compensation plan for the employees of the Group, the YTL Power International Berhad Employee Share Option Scheme ("ESOS").

(Incorporated in Malaysia)

#### INTERIM FINANCIAL REPORT

#### Notes - continued

Prior to 1 July 2006, no compensation expense was recognised in profit or loss for share options granted. With the adoption of FRS 2, the compensation expense relating to share option is recognised in profit or loss over the vesting periods of the grants with a corresponding increase in equity.

The financial impact to the Group arising from the retrospective application of FRS 2 is not material and hence, no restatement of retained earning is performed.

For the current period under review, the application of FRS 2 has resulted in a charge of approximately RM3.4 million to the profit/loss of the Group arising from the ESOS granted to employees of the Group.

## (b) FRS 116: Property, Plant and Equipment

The adoption of FRS 116 has resulted in extension of the accounting policy on property, plant and equipment as follows:

- The cost of property, plant and equipment includes costs of dismantling, removal and restoration, the obligation incurred as a consequence of installing the assets;
- The assets' residual values and useful life are reviewed and adjusted as appropriate at least at each financial year end;
- Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.
- Depreciation is provided for infrastructure assets according to its estimated useful lives.
